Take a guided tour of the museum showcasing the rich special effects history of the Berkshires. You will see original models used in famous and movies and a genuine Academy Award won by Eugene Mamut – a co-owner of Animagic. We will introduce you to modern technologies that made such blockbuster movies at The Matrix, X-Men, Chicken Run possible. Admission is free to all. Length of the tour is 20 minutes. After the tour you will turn your imagination into reality and create your own animated movie.
