- Calling all Inspiring Olympians : You don't have to go to Toronto to feel as if you are at the 2010 Winter Olympics. The Massachusetts Department of Conservation and Recreation will be hosting a series of programs during February winter break to highlight and showcase the Winter Olympics right here in our parks. Families can participate in a DCR version of an Olympic Opening Ceremony, learn how to ice skate, join a family oriented hockey clinic, or snowshoe through the park. This is a great opportunity for families to get outside, stay active, and get involved in a wide variety of recreational activities. Stay for one event or participate in all of the different activities DCR has to offer. Grab a Park Passport, collect your Olympic activity sticker, and get moving. Events will be posted on the DCR website so stay tuned for updated information! Questions about park programs or event activities can be directed to Julie Martin at 617-626-4962.
